

## Certificate Of Internship

This is to certify that Mr. Jaivardhan Jain of the Cathedral and John Connon School has completed a research project with our group in the month of December 2022. During this project, he has shown exemplary skills in successfully learning about our production process and understanding the concepts of Injection Molding.

He has studied existing efficiency-related problems of the molding machinery and has helped the team reduce downtime of the mold changes on the machine by innovative ideas. His research has proven to be very efficient to reduce energy costs and improve overall efficiencies as well. He has consolidated his research and work done at Chemco with a research report and we really value his efforts during the time he has spent with us.

We wish him all the best for his future endeavours.

Sincerely,  
Vaibhav Saraogi,  
Managing Director,

Chemco Plastic Industries Pvt. Ltd.
